### Approval and Promulgation of Air Quality Implementation Plans; Virginia Emission Inventory

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve the State Implementation Plan (SIP) revisions submitted by the Commonwealth of Virginia for the purpose of establishing 1990 ozone base year emission inventories for the Virginia ozone nonattainment areas. In the Final Rules section of this Federal Register, EPA is approving the Commonwealth's SIP revisions as a direct final rule without prior proposal because the Agency views them as noncontroversial SIP revisions and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule

will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

**DATES:** Comments must be received in writing by October 16, 1996.

**ADDRESSES:** Comments may be mailed to David Arnold, Section Chief, Ozone/CO & Mobile Sources Section, Mailcode 3AT21, Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania 19107. ### National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of Intent to Delete the Twin Cities Air Force Reserve Base, Small Arms Range Landfill, Minneapolis-St. Paul International Airport Site, from the National Priorities List.

**SUMMARY:** The United States Environmental Protection Agency (U.S. EPA), Region 5, announces its intent to delete the Twin Cities Air Force Reserve Base, Small Arms Range Landfill, Minneapolis-St. Paul International Airport Site (SARL), from the National Priorities List (NPL) and requests public

comment on this proposed action. The NPL constitutes Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which U.S. EPA promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended. U.S. EPA and the State of Minnesota Pollution Control Agency (MPCA) have determined that the SARL poses no significant threat to public health or the environment and, therefore, further remedial measures pursuant to CERCLA are not appropriate.

**DATES:** Comments concerning the proposed deletion of the SARL from the NPL must be submitted on or before October 16, 1996.

**ADDRESSES:** Comments may be mailed to: Thomas Bloom, U.S. Environmental Protection Agency, Region 5, Mail Code SR-6J, 77 West Jackson Boulevard, Chicago, IL 60604. #### I. Introduction

The U.S. EPA, Region 5 announces its intent to delete the Twin Cities Air Force Reserve Base, Small Arms Range Landfill (SARL) from the National Priorities List (NPL), Appendix B of National Oil and Hazardous Substances Pollution Contingency Plan (NCP), 40 CFR Part 300, and requests comments on this deletion. U.S. EPA identifies sites that appear to present a significant risk to public health, welfare, or the environment and maintains the NPL as the list of these sites. As described in Sec. 300.425(e)(3) of the NCP, sites deleted from the NPL remain eligible for remedial actions in the unlikely event that conditions at the site warrant such action.
